## What is Leopard Alert?

TC Leopard Alert is an emergency notification service that gives Temple College the ability to communicate health and safety emergency information quickly by e-mail and/or text message. By enrolling in TC Leopard Alert, TC can quickly pass on safety-related information, regardless of your location.

TC Leopard Alert is powered by e2Campus—a national mass notification provider. Contact information you provide to the TC Leopard Alert service will be used only for delivering health and safety emergency information. E2Campus has strict "Zero Spam" and usage policies for the information used by and for the TC Leopard Alert service.

In addition to having alerts sent to your cell phone, pager and e-mail, TC Leopard Alert notifications can also be received and published to a number of personalized home pages such as Google, AOL, and Yahoo or any RSS reader.

The image shows a screenshot of the Temple College website homepage. The browser address bar displays "templejc.edu". The top navigation bar includes links for "Connect", "Directory", "Calendar", "News & Press", and "Library". A search bar is located on the right with the text "FIND INFO FOR:" and a dropdown menu set to "Select One". Below the navigation bar, there is a section with contact information: "Call Us 254-298-8282", "Toll Free 800-460-4636", and "Visit Temple, Texas 2600 S First St". A secondary navigation bar contains links for "ADMISSIONS", "RESOURCES", "ATHLETICS", "CONTACT US", and "ENROLL NOW". A dark navigation menu is open on the left side, listing various services: "Catalog", "Email", "D2L", "TConnect", "Leopard Alert", "Payments & Refunds", "Library", "Bookstore", "Help Desk", "Employee Portal", and "Professional Development". A red arrow points to the "Leopard Alert" option in this menu.
